

**A gift to the library is a gift to everyone.**

Dear Milltown Neighbor,

I am writing to ask that you join me in contributing to the Milltown Public Library Building Project, an effort that will benefit both residents today and future generations of our wonderful community. **Our current library has outgrown its building and can no longer meet our community's needs.** Our growing demand for library service proves the point that it is an invaluable resource for us all.

The building project is underway and the total construction cost is estimated at \$3.3 million. The Campaign Committee is working hard to raise funds to complete the project and provide furnishings, technology, materials and enhancements that are not covered by the town, the state, or the Library's annual budget. Already we have secured over \$150,000 in gifts, pledges and grants.

**But these sources alone will not allow us to expand the library. We need your help.**

Please consider making a gift today. Your contribution will ensure that our library will grow so it can continue to enrich and support our community. Gifts of any size are important and appreciated. Every gift will be recognized and those \$500 and up will be included on the donor wall. The enclosed materials provide more information about the project, ways to give and opportunities for recognition.

We invite the entire community to participate in this vital endeavor – and hope you will join us by making a contribution. It's people like you who make Milltown a shining example of what a community can accomplish.

Thank you for your consideration,

David W. Butler  
Campaign Chair, Library Building Project
